

**Martin Lawaetz, Cand.  
Med., Vascular Surgeon**

## Education

2022	Vascular surgeon
2007-2014	Cand. Med., Copenhagen University
2006-2007	Medical School of Gdansk, Poland

## Work experience

2023 – until now	<b>MediSkill ApS</b> Co-founder and CEO
2023 – until now	<b>Juma Consulting</b> Consultant in vascular surgery
2024 – until now	<b>Karsprængning CPH</b> Consultant in vascular surgery
2022 – until now	<b>Åreknuteklinikkene</b> Consultant in vascular surgery
2022 - until now	<b>Åderbråcksklinikerna</b> Consultant in vascular surgery
2022 - 2023	<b>Nordic Health Group,</b> Chief Medical Officer
2015 – 2022	<b>Dpt. of vascular surgery, Rigshospitalet, Denmark</b> Resident, vascular surgery
2005 – until now	<b>Åreknudeklinikken/Danish Vein Centres</b> Consultant in vascular surgery

## Publications

2023	Editor's Choice - Infective Native Aortic Aneurysms: A Delphi Consensus Document on Terminology, Definition, Classification, Diagnosis, and Reporting Standards <i>Panelist and co-author</i> <b>European Journal of Vascular and Endovascular surgery</b>
2023	Danish Nationwide Study on Surgical Treatment of Infective Native Abdominal Aortic Aneurysms <i>R. Skov, M. Lawaetz, N. Eldrup et al.</i> <b>European Journal of Vascular and Endovascular surgery</b>
2022	Midterm outcomes of aneurysm repair with the Cook Zenith Alpha abdominal endovascular graft <i>M. Broda, J. Eiberg, K. Vogt, J.T. Ohrlander, M. Lawaetz, H. Sillesen, T. Resch</i> <b>Journal of Vascular Surgery</b>
2021	Low Risk of Neurological Recurrence while Awaiting Carotid Endarterectomy: Results From a Danish Multicentre Study <i>Lawaetz M, Sandholt B, Eilersen E, Petersen C, Tørslev K, Shilenok D, Houllind K, Sillesen H, Shahidi S, Rathenborg L, Eiberg J.</i> <b>European Journal of Vascular and Endovascular surgery</b>
2020	European Society for Vascular Surgery (ESVS) Certification of Theoretical and Practical Competences in Basic Vascular Ultrasound: Validity Investigation of the Assessment Tools <i>L. Nayahangan, R. Vila, J. Lawaetz, J. L. Lorenzo, K. K. Bredahl, M. Lawaetz et al.</i> <b>European Journal of Vascular and Endovascular surgery</b>
2020	The role of routine ultrasound surveillance after in-situ infrainguinal peripheral vein-bypass critical limb threatening ischemia <i>Fisker L, Eiberg J, Sillesen H, Lawaetz M.</i> <b>Annals of Vascular surgery</b>
2020	In situ Vein-bypass is superior to endovascular treatment of femoropopliteal lesions in chronic limb-threatening ischemia <i>Lawaetz M, Fisker L, Lönn L, Sillesen H, Eiberg J.</i> <b>Annals of Vascular surgery</b>
2019	European College of Phlebology guideline for truncal ablation. <i>Kürsat Bozkurt A, Lawaetz M, Danielsson G, Lazaris AM, Pavlovic M, Olariu S, Rasmussen L</i> <b>Phlebology</b>
2017	Comparison of endovenous radiofrequency ablation, laser ablation, foam sclerotherapy and surgical stripping for great saphenous varicose veins. Extended 5-year follow-up of a RCT <i>Martin Lawaetz, MD, Julie Serup, MS, Birgit Lawaetz, BSc, Lars Bjoern, MD, Allan Blemings, MSc, and Bo Eklöf, MD, PhD, Lars Rasmussen, DMSC</i> <b>International Angiology</b>
2016	Predictors for recanalization of the great saphenous vein in RCTs one year after endovenous thermal ablation <i>Simone van der Velden, MD, Martin Lawaetz, MD, Marianne De Maeseneer, MD, PhD, Loes Hollestein, MD, PhD, Tamar Nijsten, MD, PhD, Renate van den Bos, MD, PhD</i> <b>European Journal of Vascular and Endovascular Surgery</b>

2015	No effect of the use of varicose vein treatment compression after more than seven days <i>Martin Lawaetz, MD</i> <b>Danish Medical Journal</b>
2013	Randomized clinical trial comparing endovenous laser ablation, radiofrequency ablation, foam sclerotherapy, and surgical stripping for great saphenous varicose veins with 3-year follow-up <i>Lars Rasmussen, DMSC, Martin Lawaetz, MS, Julie Serup, MS, Lars Bjoern, MD, Bo Vennits, MD, Allan Blemings, MSc, and Bo Eklöf, MD</i> <b>Journal Of Vascular Surgery</b>
2013	Randomized clinical trial comparing endovenous laser ablation and stripping of the great saphenous vein with clinical and duplex outcome after 5 years <i>Lars Rasmussen, MD, Martin Lawetz, MB, Lars Bjoern, MD, Allan Blemings, MSc, and Bo Eklöf, PhD</i> <b>Journal Of Vascular Surgery</b>
2011	Randomized clinical trial comparing endovenous laser ablation, foam sclerotherapy and surgical stripping for great saphenous varicose veins <i>L.H. Rasmussen, M. Lawaetz, L. Bjoern, B. Vennits, A. Blemings and B. Eklof</i> <b>British Journal Of Surgery</b>
2010	Randomized Clinical Trial Comparing Endovenous Laser Ablation with Stripping of the Great Saphenous Vein: Clinical Outcome and Recurrence After 2 Years <i>L.H. Rasmussen, L. Bjoern, M.Lawaetz, B. Lawaetz, A. Blemings, B. Eklöf</i> <b>European Journal Of Vascular Surgery</b>
2007	Randomized trial comparing endovenous laser ablation of the great saphneous vein with high ligation and stripping in patients with varicose veins: Short-term results <i>Lars H. Rasmussen, MD, DMSC, Lars Bjoern, MD, Martin Lawaetz, BS, Allan Blemings, MSc, Birgit Lawaetz, RN, and Bo Eklöf, MD, PhD</i> <b>Journal Of Vascular Surgery</b>

## Presentations

2019	<b>ESVS annual meeting, Hamburg</b> <i>24. sep – 27. sep</i>	Quality of life and Venous disease <i>Invited speaker</i>
2018	<b>ESVS annual meeting, Valencia</b> <i>25. sep – 28. sep</i>	Insitu Vein-bypass is superior to endovascular treatment of femoropopliteal lesions in chronic limb-threatening ischemia <i>Lawaetz M, Fisker L, Lönn L, Sillesen H, Eiberg J.</i>  Poster presentation
2017	<b>SEACV, International congress of endovascular surgery. Valladolid</b> <i>28. nov – 1. december</i>	Endovenous ablation techniques – What's the deal <i>Invited speaker</i>
2016	<b>Danish vascular society annual meeting</b> <i>28. – 29. october</i>	Comparison of endovenous radiofrequency ablation, laser ablation, foam sclerotherapy and surgical stripping for great saphenous varicose veins. Extended 5-year follow-up of a RCT.
2015	<b>Japanese Society of Vascular Surgery. Yokohama</b> <i>3. – 5. June</i>	Randomized clinical trial comparing endovenous laser ablation, radiofrequency ablation, foam sclerotherapy, and surgical stripping for great saphenous varicose veins with 5-year follow-up
2015	<b>Japanese Society of Vascular Surgery. Yokohama</b> <i>3. – 5. June</i>	Compression therapy after varicose vein treatment – what is the evidence?
2014	<b>European Society for Vascular Surgery/Scandinavian Venous Forum Stockholm</b> <i>25. october</i>	Compression therapy after varicose vein treatment – what is the evidence?
2013	<b>Scandinavian Venous Forum. Stockholm</b> <i>30. october</i>	Randomized clinical trial comparing endovenous laser ablation and stripping of the great saphenous vein with clinical duplex outcome after 5 years
2013	<b>Royal Society Of Medicine. Venous Forum annual spring meeting. London</b> <i>24. - 25. April</i>	Randomized clinical trial comparing endovenous laser ablation and stripping of the great saphenous vein with clinical duplex outcome after 5 years

2013	<b>Heidelberger Angiologietag. Heidelberg</b> <i>9. march</i>	Randomized Clinical Trial Comparing Endovenous Laser Ablation and Stripping of the Great Saphenous Vein with Clinical and Duplex outcome
2013	<b>American Venous Forum. Phoenix</b> <i>27. feb. – 2. March</i>	Randomized clinical trial comparing endovenous laser ablation and stripping of the great saphenous vein with clinical duplex outcome after 5 years
2012	<b>American College Of Phlebology. Florida</b> <i>15. – 18. October</i>	Randomized clinical trial comparing endovenous laser ablation and stripping of the great saphenous vein with clinical duplex outcome after 5 years <b>Vinder af bedste abstract.</b>
2010	<b>Danish vascular society annual meeting</b> <i>29. – 30. October</i>	Economic considerations in the treatment of varicose veins. Importance of method and place.
2009	<b>Danish vascular society annual meeting</b> <i>6. – 7. November</i>	Treatment of Small Saphenous vein with surgery, foam or laser. A retrospective study with focus on complications.
2007	<b>Danish vascular society annual meeting</b> <i>27. –28. October</i>	Ultrasound guided sclerotherapy combined with phlebectomies for the treatment of varicose veins.

## Other scientific activity

2019	<b>ESVS annual meeting,</b> <b>Valencia</b> <i>25. sep – 28. sep</i>	Hands-on workshop: Endovenous Treatment of Varicose Veins by RF and Glue, Lead-convenor
2019	<b>ESVS annual meeting,</b> <b>Valencia</b> <i>25. sep – 28. sep</i>	Hands-on workshop: Varicose Veins Duplex, Lead-convenor
2018	<b>ESVS annual meeting,</b> <b>Valencia</b> <i>25. sep – 28. sep</i>	Varicose veins and endovenous ablation, and Ultrasound examinations workshops, co-convenor.
2017	<b>ESVS annual meeting,</b> <b>Lyon</b> <i>19. sep – 22. sep</i>	Varicose veins and endovenous ablation, co-convenor.
